Słownik wariacji tekstowej frazeologizmów – projekt leksykograficzny

Dictionary of phrasemes' textual variation – a lexicographic project

Słowa klucze: frazeologia; frazeografia; wariacja;

Keywords: phraseology; phraseography; variation

Summary

The author discusses a lexicographic project aimed at compiling a dictionary of textual variability of registered phrasemes. The dictionary is to present the multiformity of phrasemes (textual variation) in the contemporary Polish. The article provides basic information about the sources of material (database FRAZIR, The National Corpus of Polish), and exhibits a preliminary description of macro- and microstructure of the dictionary.
